Susquehanna River Landscape Conservation

Stories of the Land Heritage Orientation Film

Produced the first-ever orientation film showcasing the rich heritage shared by Lancaster & York Counties. Currently showing at the Zimmerman Center for Heritage.

Join others who value the Susquehanna Gateway Heritage Area

"This initiative is very important, especially to the small communities lying along the river. It may well be viewed as the springboard to serve as a stimulus for tourism to support our Borough's businesses, nonprofit organizations and heritage tourism attractions."

-Local Civic Leader

"Every river outing is unique: sailing, water skiing, kayaking, birding, hiking nearby trails, or watching from a picnic table as water flows by. Add to that the important heritage of the area -- you're surrounded by it -- from the Civil War's bridge burning to the Indian's petroglyphs to the industrial revolution. It's an exciting and delightful place."

- River Enthusiast and Boater

"SGHA has been a valuable partner to our business by identifying and leading the development of river corridor projects in our market area that directly benefit the growth of our business."

-Business Owner along the River

"The Susquehanna River is a precious family heirloom that needs to be preserved and protected."

- Local Elected Official
